“Each of the great social achievements of recent decades has come about not because of government proclamations but because people organized, made demands and made it good politics to respond. It is the political will of the people that makes and sustains the political will of governments.”

—Jame P. Grant, former Executive Director,
UNICEF

Please plan to attend the 5th Annual Faith & Hunger Conference: “Voting to Take a Bite Out of Hunger.”

Find out about Bread For the World’s annual campaign, “Keep the Promises on Hunger and Health” and learn how to conduct an Offering of Letters in your congregation. Resources will be provided.

Learn about the Fair Share Campaign, which supports funding critical social needs in the state budget, as well as supporting progressive revenue solutions to resolve the state’s six billion dollar deficit.

Attend skills workshops designed to help you and your congregation:

- Answer the Tough Questions Your Church Asks About Advocacy.
- Preserve the social safety nets in our communities.

Spiritual reflection will be an important part of the day’s agenda.

Please join us!

2004 will be a year of opportunity.
Together we CAN make a difference!
