DR. ROBERTA GILBERT

“Bowen Systems Thinking” is a theory of human behavior that views the family as an emotional unit, and uses systems thinking to describe the complex interactions in the unit. You will be shown how to use systems thinking to help you understand family relationships, relationships with your fellow workers, friends, etc.

Dr. Gilbert is a Psychiatrist, author, editor, national speaker, coach and consultant and an expert in applying the “Bowen systems thinking”. Following completion of medical school at the University at Buffalo, Dr. Gilbert has been on the faculty of the Georgetown Family Center in Washington, D.C. and has a psychiatric practice in Falls Church, Virginia. Dr. Gilbert provides leadership training for pastors and managers. She frequently presents training days and lectures for therapists, as well as presenting academic papers and giving community talks and workshops in the Washington, D.C. area and across the United States.
